

Women's Club Luncheon
September 5, 2023
12:00 noon
(Doors open at 11:00)

***Debby
Rogers***

***Collectibles
Consulting***

Debby spent 30 years working for Fortune 500 companies in sales. She relocated several times during this career and always downsized her belongings, then purchased items for the new home. She quickly had to figure out the best way to "get rid of" the unwanted things and that is one of the reasons she became interested in Collectibles Consulting.

She also has been a Professional Organizer for the past 5 years and during this time has helped clients understand what is worth selling, giving away, keeping, or donating. She is now devoting more time to helping clients figure out the best way to move items from their homes so that they feel good about it and ultimately lighter as they move forward. Her focus is on gold, silver and coins and even costume jewelry but is happy to consult on everything from a taxidermied buffalo head to fine china and crystal.

Today, Debby will teach us how we can find the value of our collectibles for ourselves so that we know the potential worth. She will teach us how to determine the potential sale value of items like designer purses and shoes, clothing, jewelry, and coins. After you have determined the value of your collectibles and know that your children no longer want them, she will share ideas on how to move the items out of your home.
