Survivor Advocacy Team (SAT)

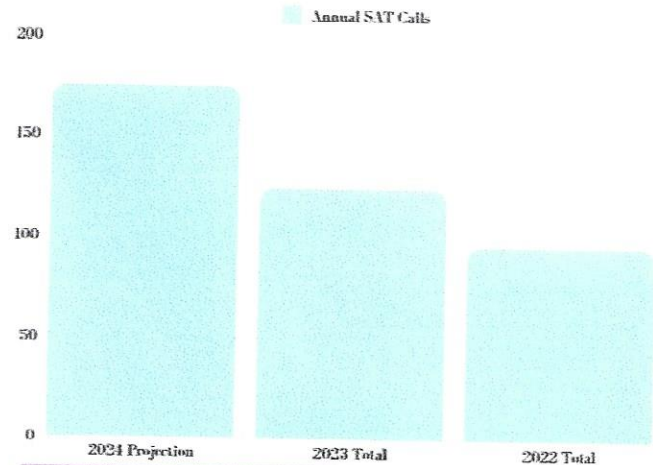

WHAT IS SAT?

SAT is a volunteer team comprised of frontline survivor advocacy responders. We accompany survivors of sexual assault and domestic violence to hospitals and police departments for things like medical forensic exams and law enforcement interviews.

As of May 31, 2024 the SAT Program has responded and provided accompaniment to 113 survivors. We are on track to respond to approximately 275 survivor calls for 2024. That is approximately 125% increase from 2023.
